

**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, AUGUST 18, 2009**, upon the application of **PETROHAWK OPERATING COMPANY**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Haynesville Zone, Reservoir A**, in the Johnson Branch Field, Caddo Parish, Louisiana.

1. To create one (1) additional drilling and production unit for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, to be designated HA RA SULL.
2. To redefine the Haynesville Zone, Reservoir A, INsofar AND ONLY INsofar AS HA RA SULL is concerned, as the stratigraphic equivalent of that gas and condensate bearing interval occurring between the depths of 10,055' and 11,487' (electric log measurements) in the Chesapeake Operating, Inc.-SRLT 29 No. 1 Well located in Section 29, Township 16 North, Range 15 West.
3. To force pool and integrate all of the separately owned tracts, mineral leases and other property interests within the proposed unit in accordance with Section 10, Title 30 of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation.
4. To designate a unit well and unit operator, as appropriate.
5. To provide that with respect to horizontal wells drilled to the Haynesville Zone, Reservoir A, in or to serve the proposed unit, where the horizontal lateral portion of the well is cased and cemented back above the top of the Haynesville Zone, Reservoir A, the distance to any unit boundary and offset wells in adjacent units will be calculated based on the distance to the nearest perforation in the well and not based on the penetration point or terminus.
6. To provide that future wells drilled to the Haynesville Zone, Reservoir A, within the unit created herein, should be located no closer than 330 feet to any unit line and that there be not less than 660 feet between wells drilling to, completed in, or for which a permit has been issued to drill to the Haynesville Zone, Reservoir A.
7. To extend to the additional unit, except to the extent inconsistent herewith, the provisions of Office of Conservation 994-D, effective July 10, 2007, as amended and supplemented by the 994-D Series of Orders, and of all applicable Statewide Orders.
8. To consider such other matters as may be pertinent.

The Haynesville Zone, Reservoir A was defined in Order No. 994-D, effective July 10, 2007, and is to be redefined INsofar AND ONLY INsofar AS HA RA SULL is concerned as provided herein.

A plat is available for inspection in the Office of Conservation in **Baton Rouge** and **Shreveport**, Louisiana.
